Welcome Back!

OLLI Registration is OPEN | SEE PAGE 2 FOR DETAILS

WHAT IS OLLI?

OLLI is an acronym for The Osher Lifelong Learning Institute at Bradley University, an organization of more than 1,200 members who are at least 50 years old and who want to stay vital and active as they reach and enjoy retirement. One of the best ways to do that is to keep learning, and OLLI offers many options to do so.

Our members enjoy the best of life-after-50 with a diverse collection of year-round programs, including non-credit classes, educational travel, study groups, and special events. Our online options allow members to learn via Zoom, a free and easy-to-use video conferencing program.

Please review our program options, both in-person and online, so you can pick what best fits your learning preferences, interests, and schedule.

OLLI Originals are exclusive talks with local leaders and businesses from the community and beyond. These one-hour sessions are a great way to stay informed about local issues, governmental updates, and business updates.

Study Groups offer opportunities to investigate topics in depth, and are your connection to studying what you most enjoy with people who share your enthusiasm. The groups are participation-based; the facilitators deliver core learning material, but all participants learn by sharing. Participants should expect to read, watch a video, or complete other independent study outside of each group session. Groups start at various times throughout the month, and usually meet for 1.5 to 2 hours for 4 - 6 weeks. Seats are often limited to 15 - 25 participants so everyone has an opportunity to actively participate.

Learning Trips enable members to interact with experts who offer behind-the-scenes looks at area businesses, and regional, national, and worldwide attractions. Our online "Travel Beyond" trips let members travel virtually via Zoom. Our hybrid "Support Local" includes a curbside meal pickup followed by a Zoom presentation that allows members to go behind the scenes with owners and chefs.

Online Social Events are hosted by OLLI volunteers several times a month. Each free happy hour has a theme, but you don't have to share - just pop in and enjoy!

Online Zoom Training sessions help members learn how to use the software on their computers, tablets, or smartphones. Led by OLLI volunteers and free to all, our goal is to help members feel comfortable with the technology so they can enjoy their OLLI Online experiences.

OLLI Classes Imagine learning only about the topics you choose, taught by engaging volunteer instructors, on a college campus, with people your age, and no tests or grades. Add time for socializing, and you have a sense of what we love to do. Classes meet at Bradley University on Wednesdays in April and October, and we're working on a new program format for January and February. We provide a friendly, welcoming environment on campus, with free park-and-ride service to drop you off at the front door. Classes are held at 9:00, 10:30, 12:30, and 2:30 and with our new a la carte registration you can sign up for 1, 2, 3 or all 4 sessions.

A LETTER FROM OLLI'S LEARNING TRIP COMMITTEE CHAIR

Dear OLLI members,

Everybody who's had a great time during the pandemic, please raise your hand...yeah, me neither. But one thing is for sure, OLLI has been a lifeline for all of us during these uncertain times.

Of all of the OLLI activities, learning trips have probably been the most affected by the pandemic. We could not hop on buses due to social distancing, and many of the area businesses and organizations that we would have visited were closed or extremely limited. Classes and Study Groups were able to carry on (to a certain extent) with the help of ZOOM.

But OLLI Learning Trips were not defeated. Thanks to the ingenuity and resourcefulness of the OLLI staff and volunteers, the weekly "Support Local" program was developed and launched. This gave OLLI members a chance to sample different cuisines from a variety of local restaurants and businesses without leaving the safety of their home (other than pick-up). Another benefit of the program was to provide much needed support to our local community businesses and restaurants that were struggling during this challenging time. I think everyone who participated in the Support Local program would send a big THANKS to the OLLI staff for making this pandemic a little more normal. And like Luke Burdsall says on WEEK TV..."You Gotta Eat."

As many of our OLLI members are becoming more comfortable with face to face interaction, it's time to get trips back on track. As we move into the next phase of "opening up" trips, we will be gradually expanding our face to face offerings based on what we are able to control. So please have patience and continue to monitor the OLLI website, weekly emails, and OLLI catalog for updates.

We were all in this together and we will come through this together.

Saludos!

Sal

Peoria Next, 801 W. Main Street

Join OLLI for a Lunch and Learn with Amy Jin Johnson, executive director of Project Implicit, Peoria native, and sixth year doctoral student in American Studies at Brown University. She will discuss the intersection of race and space in the formation of Los Angeles's Chinatown during the twentieth century. In November 1892, one of the heated battles between the Hop Sing and Bing Kong was fought over a young woman named Choo Fong. This became a rallying point for the local press, the police, and the growing mission movement seeking to regain control over the increasingly powerful immigrant population. \$15 per person includes presentation. STUDY GROUPS

Study Groups offer an opportunity to investigate a topic in depth. Most study groups typically meet once a week for four to six weeks.

I. Listen to Their Stories:

The Words of Native American Writers

Mondays, August 16, 30, Sept 13, 27, 1:00 – 3:00 p.m.

Peoria Next, 801 W. Main Street

Join us as we read and discuss the works of selected gifted Native American poets, short story writers and novelists, all winners of current literary awards and honors. We will study the works of Louise Erdrich, Tommy Orange, Sherman Alexie, Joy Harjo, Natalie Diaz, and others as we "listen" to their experience of life in contemporary America. While there are 574 recognized Indigenous tribal nations and therefore no single perspective or voice, we hope that an overview of the joys, successes, and struggles shared by these writers will enrich our understanding of their experience. In order for participants to fully enjoy the reading selections, we have scheduled our meetings two weeks apart. Further, all reading materials will be available online, from the public library, and delivered to participants' closest libraries (please contact Roberta Koscielski at RobertaKoscielski@ppl.Peoria.lib.il.us) or provided as a PDF by our poetry leader, Dr. Claire McQuerry.

August 16: short stories, both available online: *Fleur* by Louise Erdrich and *What You Pawn I Will Redeem* by Sherman Alexie.

August 30: *Round House*, a novel by Louise Erdrich, copies available through the Peoria Public Library.

September 13: Contemporary Native American poetry, selections provided as a PDF and prepared by Dr. Claire McQuerry.

September 27: *There There*, a novel by Tommy Orange, copies available through the library.

\$45 – Facilitated by Jane Hense, past OLLI President and frequent OLLI instructor, Roberta Koscielski, Peoria Public Library Deputy Director and frequent OLLI instructor, and Dr. Claire McQuerry, Assistant Professor of English Bradley University.

2. Is the Painting Good, Bad, or Great?

Art Appreciation 101

Fridays, September 3 – 24, 10:00 a.m. – 12:00 p.m.
Peoria Next, 801 W. Main Street

During this study group we will discuss the often-hidden significance of paintings and learn their deeper meanings. Questions will be explored such as what was the artist's purpose in each painting? We'll also focus on the basic art elements of color, composition, and symbolism. During our exploration of selected paintings, we will use the knowledge we have gained to obtain a new level of art appreciation and understanding. Trips to art galleries will no longer intimidate us!

\$45 — Facilitated by Jean Griffith, retired art instructor at Illinois State University and frequent OLLI facilitator.

3. Redefining Aging

Mondays, September 13 – October 18,
1:30 – 3:10 p.m.

Methodist College, 7600 N Academic Drive, Peoria

In this study group, participants will collaborate with Methodist College students who are enrolled in an introductory course in gerontology. We'll discuss *Elderhood: Redefining Aging, Transforming Medicine, Reimagining Life* by Louise Aronson. This is the fourth year we have done this collaboration with the Methodist nursing students, which has been equally rewarding for both the students and OLLI participants as they worked to learn from each other. This year, we're excited to be using a new book by Dr. Aronson, who has both an MFA in fiction from the Warren Wilson Program for Writers and an MD from Harvard Medical School. She has won more than five awards for her writing and is an Associate Professor of Medicine at UCSF. We'll also discuss some of Aronson's writings about the impact of this pandemic on older adults (one notable article was titled, "COVID kills only old people. Only?") Our weekly discussions allow everyone to learn from each other, especially around the issues and emotions associated with the process of aging in American society. Participants will need to obtain and read *Elderhood Redefining Aging, Transforming Medicine, Reimagining Life* by Louise Aronson, which was a finalist for this year's Pulitzer Prize in non-fiction writing, available at local and online retailers and libraries. \$45 — Facilitated by Majorie Getz, a professor of arts and sciences at Methodist College and frequent OLLI facilitator and instructor.

4. Codes and Codebreaking

Tuesdays, September 14 – October 19,
9:30 – 11:30 a.m.

Peoria Next, 801 W. Main Street

As society becomes more complex there is a greater need for communication. At the same time there is an increase in the need to hide communications from some people, while facilitating their delivery to the people for

whom they are intended. In this study group, we will explore the basics of codes and codebreaking. We'll also discuss some of the interesting stories of how codes and codebreaking have changed historical events. This group will require active participation, including outside study, presentation of reports, and completion of exercises. Participants need to obtain and read the book: *The Code Book: The Science of Secrecy from Ancient Egypt to Quantum Cryptography* by Simon Singh, which is available on-line (hard copy or e-book) for under \$20. Internet access will be necessary for participants.

\$45 — Facilitated by York Phillips, frequent OLLI facilitator and instructor.

5. Fundraising 101: Post-Covid 19 Planning for Small Charities, Churches, and Synagogues

Thursdays, September 23 – October 14,
1:00 – 3:15 p.m.

Goodwill Commons, 2319 War Memorial Drive, Peoria

Once again we are offering this popular study group for those who would like to learn more about the steps of successful fundraising. One of the challenges of fundraising for small charities and religious institutions is doing more with less. Most are understaffed by volunteers with limited budgets and little training or experience. Compounding the challenge has been COVID-19 and the shutting down of in-person events and personal calling. The principles of fundraising have not changed - so what are the next steps that a charity should take, now that the COVID restrictions have been lifted? The answer to that question and more will be addressed in this study group. \$45 – facilitated by Ken Lewis, retired director of planned giving, Northwestern Memorial Hospital.

OLLI member Rodney Nelson says hello during a past OLLI class session.

CELL PHONES

Please silence your phone before every program. If you are using a cell phone or a tablet to take notes, make sure the key strokes have been silenced, too.

DIETARY CONCERNS

OLLI programs will provide options for vegan, vegetarian, and gluten-free meals upon request. If you have a dietary issue, please contact our office at (309) 677-3900 at least two weeks before your program, so we can meet your dietary needs.

DRIVING ON TRIPS

We encourage all of our trip participants to use OLLI's shuttle transportation, as many of our trip sites have limited parking and require the group to arrive at one time. Plus, traveling as a group allows for more socializing!

INFORMATION DISCLAIMER

Information provided in OLLI programs is for educational and informational purposes only. In no way should OLLI be considered as offering legal advice, investment advice, health advice, or any related advice on behalf of Bradley University.

LEARNING ENVIRONMENT

OLLI subscribes to an environment of thoughtful discussion and mutual respect which is at the heart of a university-based experience. We value our participants and those who volunteer to share their time, talent, and organizations with us. These ideals enable us to enjoy the constructive exchange of ideas and remain informed and excited as lifelong learners. We embrace these ideals as a commitment to civility and academic freedom.

LISTENING DEVICES

Assistive listening devices are available for all OLLI programs. Call (309) 677-3900 for details.

NEWSLETTER

If you share your email address with the Continuing Education staff, you will receive an e-newsletter every Tuesday. This e-newsletter includes information about upcoming OLLI events, Bradley University updates, and other news that may be informative to our members.

PARKING FOR EVENTS, TRIPS AND STUDY GROUPS

Parking information for all programs will be provided with your registration confirmation materials. For learning trips, we provide reserved parking in the Campustown shopping center (across the street from Bradley), the departure location for our trips. Most study groups meet at locations throughout the Peoria area that have ample parking.

PERFUME AND COLOGNE

Many members have sensitive respiratory systems which can be exacerbated by strong odors. Please avoid wearing strong perfume or cologne.

PHOTOGRAPHY

Photographs are taken during most OLLI programs. Your registration gives consent for any such photographs to be used for advertising and publicity purposes by Bradley University, its licensees, and/or member organizations, and you waive all claims for compensation for such use or for damages.

QUESTIONS

OLLI loves questions! Please remember during our classes, groups, events, and on trips to keep questions brief and relevant during the Q & A allotted by the presenter.

REQUIREMENTS

There are only two requirements to participate in OLLI: you must be at least 50 years old and have a love of learning. If you meet those two "prerequisites," OLLI offers you a variety of learning experiences in a relaxed and friendly atmosphere.

SHUTTLES

Thanks to the generous donations of our members, OLLI owns two 14-passenger shuttles. We encourage all of our trip participants to use OLLI's shuttle transportation, as many of our trip sites have limited parking and require the group to arrive at one time. Our class shuttles provide door-to-door service from our park-and-ride lots, which makes parking a breeze. Plus, traveling as a group allows for more socializing!
