# WHAT IS OLLI ONLINE?

OLLI is an acronym for The Osher Lifelong Learning Institute at Bradley University, an organization of more than 1,200 members who are at least 50 years old and who want to stay vital and active as they reach and enjoy retirement. One of the best ways to do that is to keep learning, and OLLI offers many options to do so.

OLLI Online provides many virtual learning experiences delivered via Zoom, a free and easy to use video conferencing software. Meeting “live” via Zoom allows learning to continue from the comfort and safety of our own homes until we can meet in person again. Please review our current program options so you can pick what best fits your learning preferences and interests:

- **Introduction to Zoom** sessions help our members learn how to use the software on their computers, tablets, or smart phones. Led by a volunteer OLLI instructor and offered free of charge to all, our goal is to help you feel comfortable with the technology so you’ll enjoy your experience with OLLI Online.
- **OLLI Online Classes** are lecture-based courses during which the instructor delivers the learning material with the opportunity for participants to ask questions either during or after the presentation. OLLI Online classes are offered monthly on Wednesdays; they meet for approximately one hour each at 9:00 a.m., 11:00 a.m., 1:00 p.m., and 3:00 p.m.
- **OLLI Online Study Groups** are participation-based; the facilitator delivers core learning material, but all participants learn by sharing. OLLI Online Study Groups usually have an expectation of reading, watching a video, or other independent study outside of each session. Each group starts at various times throughout each month, and usually meet for 1.5 hours to 2 hours for four to six weeks. Seats are usually limited to 15 to 25 participants so that everyone has an opportunity to actively participate.

- **OLLI Online Learning Trips** includes “Travel” Beyond Peoria which is an opportunity to travel virtually via Zoom to visit museums, attractions and speakers around the world. Support Local is our program with area restaurants and businesses which include a curbside pick-up, followed by a conversation or chance to go behind-the-scenes with the owner/chef the next day.
- **OLLI Online Originals** are exclusive talks with local leaders and businesses from the community and beyond. These one-hour sessions are a great way to keep informed about specific topics, governmental updates, or business organizations.
- **OLLI Online Free and Social Events** are free social events hosted by an OLLI volunteer several times a month. Each happy hour or book chat has a theme, but it’s not necessary to share – just pop in and enjoy!

# A LETTER FROM OLLI STAFF

Dear OLLI Members,

As we kick off 2021, we are all excited by the possibility and potential the new year holds. Thanks to the hard work of our wonderful volunteers, we have scheduled a robust line up for programs in February, with classes, study groups, and travel beyond experiences that include opportunities to virtually explore a castle in Pennsylvania and make pasta in Italy.

This month's online programs continue to offer ample chances to learn while we wait to gather in person. You may have noticed a few name changes, including our "Behind the Scenes" at restaurants and area businesses -- now called Support Local. We feel this better reflects our OLLI members' care and investment in the well-being of our community. As always, if you have any suggestions of a possible location for our Support Local program, please let us know.

Speaking of sharing ideas, we hope you join us Monday, February 15 at 1:00 p.m. for our Membership Development Committee. While we have had amazing support from volunteers and participants during our online journey, we hope to connect with a larger percentage of our membership and we need YOU to help us meet that challenge.

We wish you all the best for 2021 and look forward to seeing you at one of our upcoming programs.

Sincerely,

*Continuing Education Staff at Bradley University*

**Due to the unpredictability of the coming months, the OLLI Nominating Committee has approved one-year term extensions for the current Executive Committee.**

**This seasoned group of volunteer leaders will help guide our institute's transition to in-person learning in 2021. Thank you, OLLI Executive Committee!**

*Judge McDade discusses his personal experiences with OLLI participants during a recent Zoom session.*

**5. Introduction to Art Appreciation**

**1:00 p.m.**

Have you ever looked at a painting and wondered what it is that makes it famous? This class will discuss questions such as, what is art, do we have to like it to appreciate it, what are the elements artists use to express their work, does the painting tell us a story, what were the cultural influences and events in the artist's life that directly affected their work? Although we will focus mostly on the Renaissance and Baroque, we will briefly cover the major art movements leading up those two periods. The movements from the mid-18th century to the modern era will be covered in Art Appreciation 102 in the OLLI Spring session.

\$20 — Class instructor is Coke Mattingly, frequent OLLI instructor and photographer.

OR

**6. More Grace and Grandeur – The Story of Four of Europe’s Iconic Churches**

**1:00 p.m.**

Explore the fascinating history behind the founding, design, and building of four of Europe’s celebrated churches, all part of UNESCO World Heritage sites. We’ll visit four different countries, starting with France, for a look at Notre Dame de Paris, tragically damaged this year by fire. We’ll continue in Italy with Santa Maria del Fiore in Florence, the world’s third largest cathedral. Next up will be Canterbury Cathedral in England, seat of the worldwide Anglican Communion. We’ll conclude with La Sagrada Familia, a highly controversial design still under construction in Barcelona, Spain. In addition to the history, we’ll look at the architectural styles and features associated with these beautiful interiors and exteriors.

\$20 — Class instructor is Roger French, a retired information technology professional with a personal passion for church history and architecture.

**7. Uncommon Story of Common Materials**

**3:00 p.m.**

Everything that we see and touch is a material. Many of these common materials actually have fascinating stories about how the material was discovered, commercially developed for everyday use, and / or incorporated into our daily lives. John Amdall will share his learning journey on the exploration of materials and share the uncommon stories about common materials (including concrete, steel, salt, chocolate, vanilla, paper, and water) that we too often just take for granted. Why does today’s concrete quickly crumble, but the Roman concrete is still being used today? Did you know that the best coffee is first “digested” by a cat-like creature? Why does the Mona Lisa painting look so different today than when originally painted? We will explore the backstory on these and many other questions. \$20 — Class instructor is John Amdall OLLI President and frequent OLLI instructor.

OR

**8. Get Excited for Spring with Tips to Cultivate Your Garden**

#### 2. Travel with OLLI to Kenai Fjords National Park Listening to the Ice

**Monday, February 8, 12:00 p.m.**

Kenai Fjords National Park has always been a place to examine change. The park is referenced as a “window to past ice ages” and “a place where the ice age still lingers.” Visitors have come to the park to be reminded of the Earth's most recent glaciation, the Wisconsin glacial period when the Cordilleran ice sheet rested thousands of feet thick atop the Kenai Peninsula. In recent years, Kenai Fjords, along with many of Alaska's national parks, has also become a place to examine the future of climate change for our nation and our planet. Glacier Lead Interpretation Ranger Leah Wold will be our guide to Listening to the Ice program.  
\$15 per person

**3. Travel with OLLI to Smithsonian American Art Museum and American Battle Monuments Commission cemeteries**

**Friday, February 19, 12:00 p.m.**

As sites of our national memory, American Battle Monuments Commission (ABMC) cemeteries honor the service and sacrifice of US soldiers overseas. As the national institution that documents America’s stories through art, the Smithsonian American Art Museum (SAAM) reveals key aspects of America’s culture and history through its collection. Honor, sacrifice, and service are themes that artists and cemetery designers have brought to life using many different forms of symbolism and allegories. During this program, representatives of ABMC and SAAM help contextualize the history of memorials, monuments, and art in their “collections.” Participants will compare what specific artworks and cemeteries meant when first created versus what they mean now. Explore the visual elements of sculpture, architecture and 2-dimensional works to understand how the design of their respective compositions work together to convey these themes.

\$15 per person

**4. Travel with OLLI to Frank Lloyd Wright’s Robie House**

**Thursday, February 25, 12:00 p.m.**

**Friday, February 26, 12:00 p.m.**

Once Robinson was allowed to demonstrate his ability in the big leagues, the doors appeared open to everyone. It was a message that only baseball – with its power to cut across cultures – could deliver.

# FREE ONLINE SOCIAL EVENTS

We all know it's incredibly important to stay connected, but we can't interact in person as much anymore. Thanks to technology, however, we can still hang out and "see" each other. Each OLLI Social Event has a themed discussion, it's a great way to meet and connect with others in a relaxed setting. Even if you prefer not to share on a particular topic, it's a good way to socialize and practice your Zoom skills.

## 1. First Dates, Romance, and Love, Oh My! Tuesday, February 2, 4:00 – 5:00 p.m.

February is the month often associated with romance. How did you meet your significant other? What do you remember about your first date? This will be a fun, relaxed social time to share stories about the people we love.

## 2. What the Nose Knows Tuesday, February 16, 4:00 – 5:00 p.m.

We have 5 senses (sight, smell, hear, touch, taste) and frequently a flashback of one sense will invoke vivid memories. The smell of freshly baked bread, summer beach music, a food or drink will take you back to another time. Let's discuss how scent, emotion and memory are intertwined. Join us and share your sensory memories.

## 3. Books and Coffee Chat Friday, February 26, 9:00 - 10:00 a.m.

Join us for this fun, informal books and coffee chat. Catherine Lawless, Interim Associate Director for Continuing Education, will lead a group discussion on *The Rosie Project*, by Graeme Simsion. This is an utterly, charming comedy about a brilliant, emotionally challenged geneticist who's determined to find a suitable wife with the help of a carefully designed questionnaire. Perfect for the month of February, this light, fast paced story is in part about the joy that can come from openness to change. Even if you don't have time to read the story, join us for conversation and camaraderie.

# FREE ZOOM TRAINING

OLLI Online uses Zoom, a popular video conferencing software, because it's so easy to use and allow individuals to meet "face-to-face" when meeting in person isn't possible.

You may access Zoom on a PC, Mac, tablet, or smart phone. OLLI has had great success in assisting our members get used to this new way to meet. Please register for one of our four free upcoming training sessions:

**INTRO TO ZOOM**  
Tuesday, February 9 | 9:00 a.m.

**ADVANCED ZOOM TRAINING**  
Tuesday, February 23 | 9:00 a.m.
