Get the Most from Your Health Plan

Welcome to Blue Cross and Blue Shield of Illinois (BCBSIL), a leader in health care benefits. We have been helping people like you get the most from their health care plans for many years.

Read this guide to learn about benefits your employer is offering. Think about how you and your family will use these benefits. Learn more about products, services and how to be a smart health care user at bcbsil.com.

Your ID Card

After you enroll, you will get a member ID card in the mail. Show this ID card when you see a doctor, visit the hospital or go to any other place for care. The back of the card has phone numbers you might need.

Blue Access for MembersSM

Go to bcbsil.com/member and sign up for the secure member website, Blue Access for Members. Find the "Log In" tab and click "Register Now." Use the information on your ID card to complete the process. On this site, you can check your claims, order more ID cards, get health information and much more.

Save Money – Stay In-Network

Using independently contracted network providers can help you save. Look at your ID card to find your network. Then go to bcbsil.com to look for doctors, hospitals and other places for care.

Call Customer Service for Help

Our team knows your health plan and can help you get the most from your benefits. Just call the toll-free number on the back of your ID card.

The PPO Plan

With the PPO plan, you can choose any doctor whenever you need care.

The PPO plan offers a wide range of benefits and the flexibility to choose any doctor or hospital when you need care. The plan includes an annual deductible that you must satisfy before your benefits begin. Qualified medical expenses are applied toward your deductible.

PPO Network

Access to the large network of contracting providers is one of the many reasons to select the PPO plan. The network includes hospitals, physicians, therapists, behavioral health professionals and alternative care practitioners.

You and your covered dependents can receive care from any licensed doctor, hospital or other provider. However, when you use a contracting network provider, you will pay less out of pocket, you won't have to file any claims and you will receive the highest level of benefits. If you use a doctor outside the network, you'll still be covered, but your out-of-pocket costs may be significantly higher.

To find a contracting doctor or hospital, just go to bcbsil.com and use the Provider Finder[®], or call BlueCard[®] Access at **800-810-BLUE (800-810-2583)** for help. Once you become a member, you can also call the toll-free Customer Service number on the back of your member ID card.

Medical Care

Your benefits may include coverage for*:

- physician office visits
- breast cancer screenings
- cervical cancer screenings
- inpatient hospital services
- muscle manipulation services
- outpatient hospital services
- physical, speech and occupational therapies
- outpatient surgery and diagnostic tests
- infertility treatment
- maternity care
- behavioral health and substance abuse
- hospital emergency medical and accident treatment

*Coverage levels vary by health plan, so refer to your plan documents for details.

BlueCare Dental PPOSM

BlueCare Dental PPO offers you and your family access to one of the largest national dental PPO networks¹. This network includes general and specialty dentists in Illinois as well as across the country. As a BlueCare Dental PPO plan member, you can go to any dentist. However, you'll save money and get more from your benefits when you use an in-network dentist. These in-network dentists have agreed to:

- Accept set fees for covered services
- Not bill you for costs over the negotiated fees (except copayments, coinsurance and deductibles)

You can choose an out-of-network dentist, but he or she may have higher fees and charge you for amounts not covered by your insurance.

Finding an In-Network Dentist is Easy

For a list of in-network general and specialty dentists, go to bcbsil.com and use the Provider Finder[®] tool.

You can search for a dentist near your home, school or office and easily download a map with driving directions.

BlueCare Dental ConnectionSM

As an enhanced service, Blue Cross and Blue Shield of Illinois (BCBSIL) offers BlueCare Dental Connection. This service provides educational information and other resources to help you make choices about your dental care — at no extra cost.

To help you learn about good oral health, BlueCare Dental Connection offers:

- Educational mailings
- 24-hour online access to the Dental Wellness Center*, which offers educational articles and special tools

The Dental Wellness Center allows you to:

- Ask dental-related questions through **Ask a Dentist***
- Find an in-network dentist using **Provider Finder**
- Research dental fees in your area with the **Dental Cost Advisor***
- Search the **Dental Dictionary*** of common clinical terms
- View animations on different dental topics in the **Treatment and Procedure*** tool

To access the Dental Wellness Center, log in to Blue Access for MembersSM at bcbsil.com and click on the **My Health** tab.

Dedicated to Customer Service

After signing up, you will get more detailed information about your dental plan. Look at your plan materials for complete details. Customer Service can answer questions about eligibility, claims, benefits and providers. Just call **800-367-6401** between 8 a.m. and 6 p.m. (CT), Monday through Friday. In addition, you can find general benefit information at bcbsil.com.

¹ Dental Network of America, LLC. (DNoA), a separate company and the network manager providing access to the national network. Source: Netminder, February 2015

* The Dental Wellness Center, Dental Cost Advisor, Ask a Dentist, Dental Dictionary and Treatment and Procedure are provided by DNoA, a separate company that acts as the administrator of Blue Cross and Blue Shield of Illinois dental programs. DNoA is solely responsible for the products or services it offers. BCBSIL assumes no liability or responsibility for damage or injury to persons or property arising from the use of any product, information, idea or instruction mentioned in DNoA's content.

Other Benefits for Non-HMO Plans

*Your health care benefit plan travels with you wherever you go –
across the country or around the world.*

Preventive Care

Your coverage may include preventive care benefits for children and adults, including physical exams, diagnostic tests and immunizations. Check your group plan for specific coverage.

Emergency Care

If you, as a prudent layperson (with an average knowledge of health and medicine) need to go to the emergency room of any hospital, your care will be covered subject to your plan's deductible and any applicable copayments or coinsurance. In an emergency, you should seek care from an emergency room or other similar facility. Call 911 or other community emergency resources to obtain assistance in life-threatening situations. Your group plan may require that you, a family member or friend contact Blue Cross and Blue Shield of Illinois (BCBSIL) if you are admitted to the hospital.

National Coverage

You have nationwide access to contracting providers in networks linked through the BlueCard® program when you or your covered dependents live, work or travel anywhere in the country. The national network includes most physicians and hospitals in the country. Be sure to use a BlueCard network provider to receive the highest level of benefits.

With the BlueCard program, there are two ways to locate contracting doctors and hospitals:

- Visit the website at bcbsil.com to find provider names and locations using Provider Finder®. Maps and driving directions are also available.
- Call Customer Service at the toll-free number on the back of your ID card.

Reconstructive Surgery Following Mastectomy

Federal and State of Illinois legislation require group health plans and health insurers to provide coverage for reconstructive surgery following a mastectomy. Specifically, these laws state that health plans that cover mastectomies must also provide coverage in a manner determined in consultation with the attending physician and patient for reconstruction of the breast on which the mastectomy has been performed, surgery and reconstruction of the other breast to produce a symmetrical appearance, and prostheses and treatment of physical complications for all stages of mastectomy, including lymphedemas.

Your coverage may also include benefits for baseline and annual mammograms. Check your group plan documents for details.

Illinois Dependent Eligibility Mandate

Under Federal law, your dependents are eligible for health and dental coverage up to the dependent limiting age and may not be denied coverage due to marital, student or employment status before age 26. Check with your employer for additional details regarding eligibility requirements. In addition, eligible military personnel may not be denied coverage before age 30 under Illinois law. If you elect Blue Choice SelectSM coverage, your dependents must live within the defined service area.

This Illinois law applies to all individual plans and insured group medical and dental plans, as well as self-insured municipalities, counties and schools. The law does not apply to self-funded national account groups or local non-municipal self-funded groups. If you have questions about this law, contact your benefits administrator.

International Coverage

When you travel outside the United States and need medical assistance services, call **800-810-BLUE (800-810-2583)** or call collect to **804-673-1177** for information. Blue Cross and Blue Shield has contracts with doctors and hospitals in more than 190 countries. An assistance coordinator, in conjunction with a medical professional, can arrange your doctor's appointment or hospitalization, if necessary.

Providers that participate in the Blue Cross Blue Shield Global Core* program, in most cases, will not require you to pay up front for inpatient care. You are responsible for the out-of-pocket expenses such as a deductible, copayment, coinsurance and non-covered services. The doctor or hospital should submit your claim.

You also have coverage at non-contracting hospitals, but you will have to pay the doctor or hospital for care at the time of service, then submit an international claim form with original bills. Call Customer Service at the toll-free customer service number on your ID card for the address to send the claim. You can get a claim form from your employer, Customer Service or online at **bcbasil.com**.

*The Blue Cross Blue Shield Global Core program was formerly known as BlueCard WorldWide®.

Blue Access for MembersSM

Get all the advantages your health plan offers

Get information about your health benefits, anytime, anywhere. Use your computer, phone or tablet to access the Blue Cross and Blue Shield of Illinois (BCBSIL) secure member website, Blue Access for Members (BAMSM).

With BAM, you can:

- Check the status or history of a claim
- View or print Explanation of Benefits statements
- Locate a doctor or hospital in your plan's network
- Find Spanish-speaking providers
- Request a new ID card – or print a temporary one

It's easy to get started

1. Go to bcbsil.com/member
2. Click Register Now
3. Use the information on your BCBSIL ID card to complete the registration process.

Text* BCBSILAPP to 33633 to get the BCBSIL App that lets you use BAM while you're on the go.

**Message and data rates may apply*

Find what you need with Blue Access for Members

The screenshot shows the member portal interface for Nathan Smith. At the top, the user's name 'NATHAN SMITH' and a 'Settings' dropdown menu are marked with a circled '9'. On the right, there are links for 'Language Assistance', 'En Español', and 'Log Out'. The main header features the BlueCross BlueShield of Illinois logo and a 'CURRENTLY VIEWING MY PLAN' section with 'PPO' and a 'View My Plans' button marked with a circled '8'. Below the header is a navigation bar with tabs: 'Home', 'My Coverage' (marked with a circled '1'), 'Claims Center' (marked with a circled '2'), 'My Health' (marked with a circled '3'), 'Doctors & Hospitals' (marked with a circled '4'), and 'Forms & Documents' (marked with a circled '5'). The main content area includes a 'Welcome NATHAN SMITH!' message, a 'Message Center' (marked with a circled '6') showing 'You have no messages' and a 'View all messages' link, and a 'Quick Links' section (marked with a circled '7') with options like 'Stop receiving paper statements' and 'Connect'. The 'MY COVERAGE' section displays 'Plan Type: PPO', 'Group Number: 098765', and 'ID Number: ABC123456789'. Below this is a 'MEDICAL BENEFITS' section with a 'Preferred Network' link. To the right is a 'My Care Profile' section with a 'Blue Button' icon and text: 'Learn how to get your health care profile electronically' and a 'Get Started »' button. At the bottom, there are links for 'Important Information', 'Non-Discrimination Notice', 'Help', and 'Contact Us', with 'Help' (marked with a circled '10') and 'Contact Us' (marked with a circled '11') highlighted.

- 1 My Coverage:** Review benefit details for you and family members covered under your plan.
- 2 Claims Center:** View and organize details such as payments, dates of service, provider names, claims status and more.
- 3 My Health:** Make more informed health care decisions by reading about health and wellness topics and researching specific conditions.
- 4 Doctors & Hospitals:** Use Provider Finder® to locate a network doctor, hospital or other health care provider, and get driving directions.
- 5 Forms & Documents:** Use the form finder to get medical, dental, pharmacy and other forms quickly and easily.
- 6 Message Center:** Communicate with a Customer Service Advocate here. You can also learn about updates to your benefit plan and receive promotional information via secure messaging.
- 7 Quick Links:** Go directly to some of the most popular pages, such as medical coverage, replacement ID cards, manage preferences and more.
- 8 View My Plan:** See the details of your current health plan, as well as other plans you've had in the past.
- 9 Settings:** Set up notifications and alerts to receive updates via text and email, review your member information and change your secure password at anytime.
- 10 Help:** Look up definitions of health insurance terms, get answers to frequently asked questions and find Health Care School articles and videos.
- 11 Contact Us:** Here you can find contact information to reach a Customer Service Advocate with any questions you may have about your plan.

Medical Plan Frequently Asked Questions

Q. Are my medical records kept confidential?

A. Yes. Blue Cross and Blue Shield of Illinois (BCBSIL) is committed to keeping all specific member information confidential. Anyone who may have to review your records is required to keep your information confidential. Your medical records or claims data may have to be reviewed (for example, as part of an appeal that you request). If so, precautions are taken to keep your information confidential. In many cases, your identity will not be associated with this information.

Q. Who do I call with questions about my benefits?

A. Call the toll-free Customer Service number on the back of your ID card.

Q. How do I find a contracting network doctor or hospital?

A. Go to bcbsil.com and use **Provider Finder**[®], or call Customer Service at the toll-free number on the back of your ID card.

Q. What do I do when I need emergency care?

A. Call 911 or seek help from any doctor or hospital. BCBSIL will coordinate your care with the emergency provider.

Some options for non-emergency care include:

- **Your doctor's office** for health exams, routine shots, colds, flu and other minor illnesses or injuries.
- **Walk-in retail health clinics** available in retail stores. Many have a physician assistant or nurse practitioner who can help treat ear infections, rashes, minor cuts and scrapes, allergies, colds and other minor health problems.
- **Urgent or immediate care clinics** for more serious health issues, such as when you need an X-ray or stitches.

Urgent Care or Freestanding Emergency Room? Urgent care centers and freestanding ERs can be hard to tell apart. Freestanding ERs often look a lot like urgent care centers, but costs are higher, just as if you went to the ER at a hospital. Here are some ways to know if you are at a freestanding ER.

Freestanding ERs:

- Look like urgent care centers, but have **EMERGENCY** in the facility name.
- Are separate from a hospital but are equipped and work the same as an ER.
- Are staffed by board-certified ER physicians and are subject to the same ER copay.
- Find urgent care centers¹ near you by texting² **URGENTIL** to **33633** and then type in your ZIP code.

¹The closest urgent care center may not be in your network. Be sure to check Provider Finder to make sure the center you go to is in-network.

²Message and data rates may apply. Read terms, conditions and privacy policy at bcbsil.com/mobile/text-messaging.

Q. What should I bring to my first appointment with a new doctor?

A. Your first appointment is an opportunity to share information about your health with your new doctor. Bring as much medical information as possible, including:

- **Medical records and insurance card** — If you are undergoing treatment at the time you change doctors, your medical records are important to your new doctor. Your insurance card provides information about copayments, billing and Customer Service phone numbers.
- **Medications** — Give your new doctor information about prescription and over-the-counter medications, including any herbal medications you take. Be sure to include the name of the medication, the dosage, how often you take it and why you take it.
- **Special needs** — Make a list of any equipment or devices you use including wheelchairs, oxygen, glucose monitors and the glucose strips. Be prepared to explain how you use them, not only to make sure you have the equipment you need, but also to make sure that there is no disruption in your care.

Q. What questions should I ask if I am selecting a new doctor?

A. In addition to preliminary questions you might ask a new doctor — such as “Are you accepting new patients?” — here are some questions to help you evaluate whether a doctor is right for you.

- What is the doctor’s experience in treating patients with the same health problems that I have?

- Where is the doctor’s office? Is there convenient and ample parking, or is it close to public transportation?
- What are the regular office hours? Does the office have drop-in hours if I have an urgent problem?
- How long should I expect to wait to see the doctor when I’m in the waiting room?
- Are routine lab tests and X-rays performed in the office, or will I have to go elsewhere?
- Which hospitals does the doctor use?
- If this is a group practice, will I always see my chosen doctor?
- How long does it usually take to get an appointment?
- How do I get in touch with the doctor after office hours?
- Can I get advice about routine medical problems over the phone or by email?
- Does the office send reminders for routine preventive tests like cholesterol checks?

Q. What if I’m already in treatment when I enroll and my provider isn’t in the network?

A. We’ll work with you to provide the most appropriate care for your medical situation, especially if you are pregnant or receiving treatment for a serious illness. You may still be able to see your out-of-network provider for a period of time. Call the toll-free Customer Service number on the back of your ID card for more information.

Health Insurance Fraud What You Should Know

Fraud affects everyone – Fraud may cost the health care industry (public and private payers) more than \$200 billion each year. As a member of Blue Cross and Blue Shield of Illinois (BCBSIL), this fraud may cause you to face rising premiums, increased copayments and deductibles, and the elimination of certain benefits.

Don't Be a Victim

In addition to losing money through fraud, members may also experience physical and mental harm. This can result from health care fraud schemes in which a provider performs unnecessary or dangerous procedures.

Identifying Fraud

Commonly identified schemes involving providers include:

- **Misrepresenting services** – Intentionally billing procedures under different names or codes to obtain coverage for services that aren't included in a member's plan.
- **Upcoding** – Deliberately charging for more complex or more expensive services than those actually provided.
- **Non-rendered or "free" services** – Some providers intentionally bill for tests or services never provided. This can also mean that the provider offered "free" services to bill the insurance company for services not performed or needed.
- **Kickbacks, bribes or rebates** – Referring patients to a provider or facility where the referring provider has a financial interest.

Commonly identified member schemes include:

- **Identity swapping** – Allowing an uninsured individual to use your insurance card.
- **Identity theft** – Using false identification to gain employment and the health insurance benefits that come with it.
- **Non-eligible members** – Adding someone to a policy who is not eligible or failing to remove someone when that person becomes ineligible.
- **Prescription medicine abuse and diversion** – Controlled substances can be obtained through deception or dishonesty for personal use or sale "on the street." Prescription medications can be obtained through doctor shopping, visiting several emergency rooms or stealing doctors' prescription pads.

*Fraud increases costs and
decreases benefits.*

Fighting Fraud

Our Special Investigations Department is one of the most effective in the industry.

BCBSIL offers these tips:

- Know your own benefits and scope of coverage.
- Review all Explanation of Benefits (EOB) statements. Make sure the exams, procedures and tests billed were the ones you actually had with the provider who treated you.
- Understand your responsibility to pay deductibles and copayments, and what you can and cannot be balance-billed for once your claim has been processed.
- Guard your health insurance card and personal insurance information. Notify BCBSIL immediately if your card or insurance information is lost or stolen.
- Sign and date only one claim form per office visit.
- Never lend your member ID card to another person.
- Don't give out insurance or personal information if services are offered as "free." Be sure you understand what is "free" and what you or your employer will be charged for.
- Ask your doctors exactly what tests or procedures they want you to have and why. Ask why the tests or procedures are necessary before you have them.
- Be sure any referrals you receive from your network provider are to other network doctors or facilities. If you're not sure, ask.
- Monitor your prescription utilization via the BCBSIL website or your Pharmacy Benefit Manager (PBM). Make sure the medications billed to your insurance are accurate.

Preventing Health Care Fraud

BCBSIL created the Special Investigations Department (SID) to fight fraud and help lower health care costs. The staff includes individuals with medical, insurance and law enforcement backgrounds as well as data analysts experienced in detecting fraudulent billing schemes. The SID aggressively investigates allegations of fraud and refers appropriate cases for criminal prosecution.

Fraud Isn't Fair — Help Us Fight It

Reducing health care fraud is a collaborative effort between BCBSIL, its providers and its members. Additional information — including a "fighting fraud checklist" — is available through the SID website at bcbsil.com/sid.

We also encourage you to report any suspected incidents of fraud by calling our Health Care Fraud Hotline, completing a form online or sending us a note in the mail. Suspicions of fraud can be reported to the SID anonymously.

3 Ways to Report Fraud to BCBSIL

The SID is here to help you. You can contact the SID in any of the following ways:

1. 800-543-0867

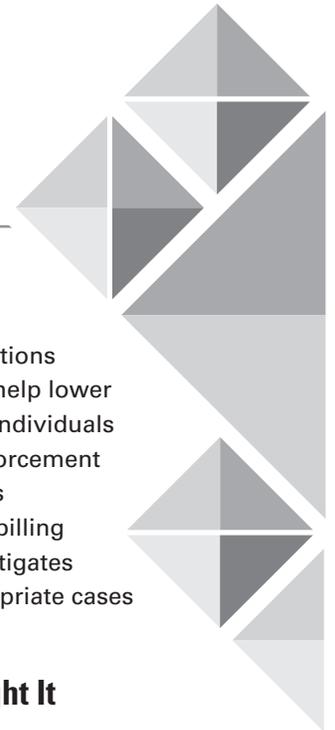

The toll-free Fraud Hotline operates 24 hours a day, seven days a week. You can remain anonymous or provide information if you want to be contacted by a member of the SID.

2. bcbsil.com/sid/reporting

This website address links to an online fraud-reporting form that you can complete and send to the SID electronically.

3. U.S. Mail

You can write the SID at:
Blue Cross and Blue Shield of Illinois
Special Investigations Department
300 E. Randolph Street
Chicago, Illinois 60601

Understanding Your Explanation of Benefits

An Explanation of Benefits (EOB) is a notification provided to members when a health care benefits claim is processed by Blue Cross and Blue Shield of Illinois (BCBSIL). The EOB shows how the claim was processed. The EOB is not a bill. Your provider may bill you separately.

The EOB has THREE MAJOR sections:

- **Subscriber Information and Total of Claim(s)** includes the member's name, address, member ID number and group name and number. The Total of Claims table shows you the amount billed, any applied discounts, reductions and payments and the amount you may owe the provider.
- **Service Detail** for each claim includes:
 - Patient and provider information
 - Claim number and when it was processed
 - Service dates and descriptions
 - The amount billed
 - The discounts or other reductions subtracted from amount billed
 - Total amount covered
 - The amount you may owe (your responsibility)
- **Summary** - Shows you what the plan covers for each claim and your responsibility, including:
 - Plan Provisions**
 - The amount covered
 - Less any amounts you may owe, like deductible, copay and coinsurance
 - Your Responsibility**
 - Deductible and copay amount
 - Your share of coinsurance
 - Amount not covered, if any
 - Amount you may owe the provider. You may have paid some of this amount, like your copay, at the time you received the service.

The EOB may include additional information:

- **Amounts Not Covered** will show what benefit limitations or exclusions apply.
- **Out-of-Pocket Expenses** will show an amount when a claim applies toward your deductible or counts toward your out-of-pocket expenses.
- **Fraud Hotline** is a toll-free number to call if you think you are being charged for services you did not receive or if you suspect any fraudulent activity.
- **An explanation** of your right to appeal if your health plan doesn't cover a health care claim.

Your EOBs Are Available Online!

Sign up for Blue Access for MembersSM (BAMSM) at bcbsil.com for convenient and confidential access to your claim information and history. Choose to opt out of receiving EOBs by mail to save time and resources. Go to BAM and click on **Settings/Preferences** to change your preferences.

Available in English and Spanish

Sample EOB

1. Member's name and mailing address
2. Member ID and group number
3. Summary box for all claims including total billed by the provider, and discounts, reductions or payments made, and the amount you may owe
4. Detailed claim information for each claim
5. Patient name and service date
6. Provider information
7. Claim number and date the claim was processed
8. Service description
9. Amount billed for each service
10. The amount covered (allowed) for each service and the discounts or reductions subtracted from the amount your provider billed
11. Your share of the costs
12. Claim summary with amount covered less your responsibility
13. Deductible and/or out-of-pocket expense information
14. Health Care Fraud Hotline

Looking for the right doctor?

Provider Finder[®] is the quick and easy way to make better health care decisions for you and your family.

Provider Finder from Blue Cross and Blue Shield of Illinois (BCBSIL) is an innovative tool for helping you choose a provider, plus estimate and manage health care costs.

By logging in to Blue Access for MembersSM (BAM) you can use Provider Finder to:

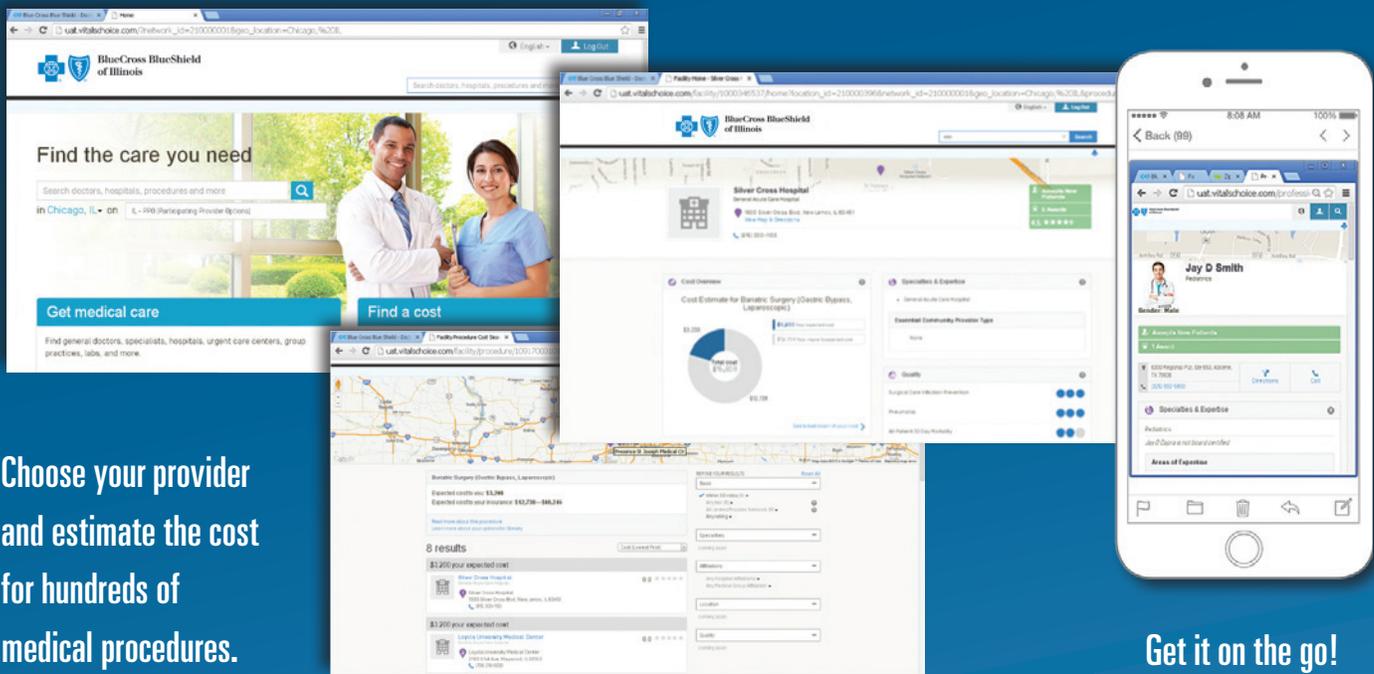

- Find a network primary care physician, specialist or hospital.
- Filter search results by doctor, specialty, ZIP code, language and gender – even get directions.
- Estimate the cost of hundreds of procedures, treatments and tests and your out-of-pocket expenses.
- Determine if Blue Distinction Center[®] (BDC), BDC+ or Blue Distinction Total Care is an option for treatment.
- View patient feedback or add your review for a provider.
- Review providers' certifications and recognitions.

It's easy, immediate, secure – and available at bcbsil.com.

You're in charge with more information.

- Do you want to know more about the providers who take care of you or your family?
- Do you need to know the estimated cost of a medical service?
- Do you want to know what feedback other patients had on a provider?

Informed Choice. Cost Management. More Options.

Choose your provider and estimate the cost for hundreds of medical procedures.

Get it on the go!

Screen shots are for illustrative purpose only.

It's easy to get started with Provider Finder by registering for Blue Access for MembersSM (BAM):

- 1 Go to **bcbsil.com**.
- 2 Click the **Log In** tab, and then click the **Register Now** link.
- 3 Use the information on your BCBSIL ID card to complete the process.
- 4 Then, log in to BAM. Provider Finder is located under the **Doctors & Hospitals** tab.

You can also call a BCBSIL Customer Service Advocate at the toll-free telephone number on the back of your member ID card for help in locating a provider.

Get assistance while you're away from home.

Go to bcbsil.com and register or log in to BAM. You can stay connected to your claims activity, member ID card and coverage details – you can also receive prescription reminders and health tips via text messages.

Prescription Drug and Wellness Information

Q&A: Prescription Drug List

What is a prescription drug list?

Your prescription drug benefit plan is based on the Blue Cross and Blue Shield of Illinois (BCBSIL) drug list. It is a regularly updated list of drugs selected based on the recommendations of a committee of individuals from throughout the country who hold a medical or pharmacy degree. U.S. Food and Drug Administration (FDA)-approved drugs are chosen based on their safety, cost and how well they work. The Enhanced Drug List is a smaller version of the Basic Drug List. It includes mostly generic and select preferred brand drugs. The Performance Drug List, Performance Select Drug List and 2018 Drug List (for Metallic plans) show all covered drugs. Drugs that are not shown on these lists are not covered. Major drug classes are covered on all drug lists.

Why should I use the drug list?

Your copayment/coinsurance amount for covered preferred brand drugs is usually lower than for non-preferred brand drugs. If your benefits are based on the Basic or Enhanced Drug List, most medicines may be covered that are not on the drug list, but you may pay more out of pocket. If your benefits are based on the Performance Drug List, Performance Select Drug List or 2018 Drug List (for Metallic plans), medicines that are not on these drug lists will not be covered. You will need to pay for the full cost of the medicine. The drug list is a reference for your doctor when prescribing medicines. But it is solely up to you and your doctor to decide the medicine that is best for you.

What are the advantages of using generic drugs?

Generics are recognized as safe and effective medicines. Generics often cost less than a brand drug. A generic can usually be substituted for a brand drug if it has the same active ingredients, the same strength and dosage form and produces the same results. Talk to your doctor or pharmacist to find out if a generic drug is available and right for you.

How do I know if a drug is on the drug list and what my cost will be?

The other side of this flier lists some commonly prescribed generic and preferred brand drugs. If a drug you are looking for is not on the list, search the drug list at bcbsil.com or call the Pharmacy Program number on the back of your ID card.

Your prescription drug benefit plan and whether the drug is on the drug list will determine the amount you may pay out of pocket. To find out what you will pay, visit bcbsil.com or call the Pharmacy Program number on the back of your ID card.

What are dispensing limits?

Based on FDA-approved dosage regimens and manufacturer's research, certain drugs have dispensing limits. This means that these drugs have a limit on how much medicine can be filled per prescription or in a given time span. For example, coverage for the osteoporosis drug Actonel® (risedronate) is limited to 30 tablets per 30 days because the FDA-approved labeling states that the recommended dose is one 5 mg oral tablet taken daily.

What if I have questions?

Call the Pharmacy Program number on the back of your ID card, 24 hours a day, 7 days a week, or visit bcbsil.com.

April 2018 Commonly Prescribed Drugs

This list is a sample of commonly prescribed generic and preferred brand drugs. Refer to the BCBSIL prescription drug lists at bcsil.com for a more comprehensive and up-to-date list. The online drug list (Basic Drug List, Enhanced Drug List, Performance Drug List, Performance Select Drug List) is updated quarterly. The online 2018 Drug List (for Metallic plans) may be updated monthly. The drug list may contain medications not covered under your prescription drug benefit plan. In addition, prescription versions of over-the-counter (OTC) medications may not be covered based on your prescription drug benefit plan. If you have questions about your prescription drug benefit, call the Pharmacy Program number on the back of your ID card.

Understanding Your Generic Drugs

Generics Deliver:

Safety

Generic drugs are safe. Brand-name and generic drugs sold in the United States are approved and regulated by the U.S. Food and Drug Administration (FDA). The standards are the same. That's safety you can count on.

Quality

Generic drugs work the same way. When the FDA approves a generic drug, this means the generic drug is the same as its brand-name counterpart in dosage, performance, safety, strength, quality and usage.

Savings

Generic drugs cost less. When the patent expires on a brand-name drug, other companies may begin making and selling the drug as a generic. Generic manufacturers don't have to pay for the costly research and marketing that was done for the brand-name product. Lower prices mean more savings for you.

—  *Same quality
+ lower cost
= better value*  —

It's a fact — generic drugs work in the same way as brand-name drugs. Don't believe the myths. The proof is in the facts:

MYTH:

Generic drugs are not as safe as brand-name drugs.

FACT:

The FDA requires that all drugs be safe and effective. Generics use the same active ingredients and work the same way in the body. This means generic drugs have the same risks and benefits as their brand-name counterparts.

MYTH:

Generic drugs are not as strong as brand-name drugs.

FACT:

The FDA requires generics to have the same quality and strength. Generic drugs work in the same way and in the same amount of time as brand-name drugs.

MYTH:

Generic drugs are likely to cause more side effects than brand-name drugs.

FACT:

There is no evidence that generic drugs cause more side effects. The FDA monitors reports of adverse drug reactions and has found no difference in the rates between generic and brand-name drugs.

MYTH:

My doctor or pharmacy wants me to take generic drugs just to save money.

FACT:

Your doctor and pharmacist want you to take drugs that are safe, effective and affordable. In most cases, generics are the best option when you compare price and quality.

MYTH:

Brand-name drugs are made in modern manufacturing facilities and generic drugs are often made in substandard facilities.

FACT:

The FDA won't permit drugs to be made in substandard facilities. All generic manufacturing, packaging and testing sites must pass the same quality standards as those of brand-name drugs. The FDA conducts about 3,500 inspections a year to ensure standards are met.

Nurses available anytime you need them

Health happens – good or bad, 24 hours a day, seven days a week. That is why we have registered nurses waiting to talk to you whenever you call our 24/7 Nurseline.

Our nurses can answer your health questions and try to help you decide whether you should go to the emergency room or urgent care center or make an appointment with your doctor. You can also call the 24/7 Nurseline whenever you or your covered family members need answers to health questions about:

- Asthma
- Back pain
- Diabetes
- Dizziness or severe headaches
- High fever
- A baby's nonstop crying
- Cuts or burns
- Sore throat
- And much more

Plus, when you call, you can access an audio library of more than 1,000 health topics – from allergies to surgeries – with more than 500 topics available in Spanish.

*Call the 24/7 Nurseline with
any health questions.*

Toll-free: 800-299-0274

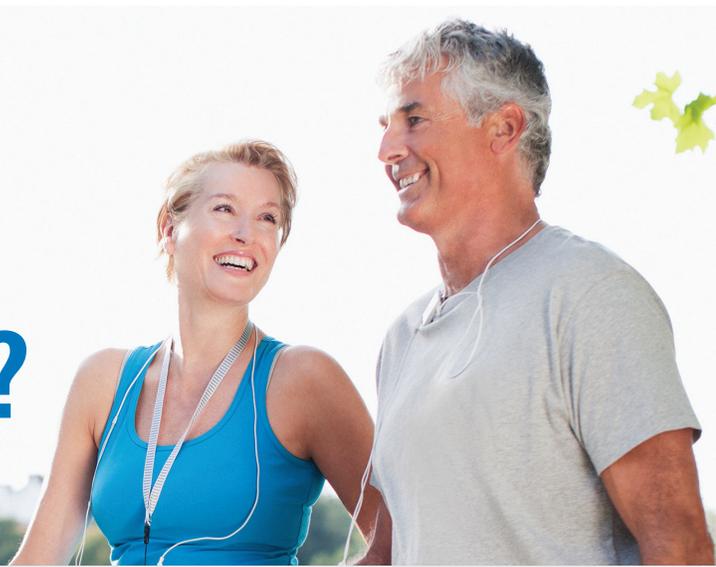

Hours of Operation: Anytime

Note: For medical emergencies, call 911. This program is not a substitute for a doctor's care. Talk to your doctor about any health questions or concerns.

Do You Need Specialty Medications?

Blue Cross and Blue Shield of Illinois (BCBSIL) has arranged for AllianceRx Walgreens Prime* to support members who need self-administered specialty medication and help them manage their therapy.

Specialty drugs are often prescribed to treat chronic, complex or rare conditions, such as multiple sclerosis, hepatitis C and rheumatoid arthritis. These drugs may be given by infusion (intravenously), injection, taken by mouth or some other way.

Specialty drugs often call for carefully following a treatment plan (or taking them on a strict schedule). These medications have special handling or storage needs and may not be stocked by retail pharmacies. They often cost more than non-specialty prescriptions.

Some specialty drugs must be given by a health care professional, while others are approved by the U.S. Food and Drug Administration (FDA) for self-administration (given by yourself or a care giver). Medications that call for administration by a professional are often covered under your medical benefit. Your doctor will order these medications. Coverage for self-administered specialty drugs is usually provided through your pharmacy benefit. Your doctor should write or call in a prescription for self-administered specialty drugs to be filled by a specialty pharmacy.

Your plan may require you to get your self-administered specialty drugs through AllianceRx Walgreens Prime or another in-network specialty pharmacy. If you do not use these pharmacies, you may pay higher out-of-pocket costs.**

Examples of Self-administered Specialty Medications

This chart shows some conditions self-administered specialty drugs may be used to treat, along with sample medications. This is not a complete list and may change from time to time. Visit bcbsil.com to see the up-to-date list of specialty drugs.

Condition	Sample Medications***
Osteoporosis	Forteo, Tymlos
Cancer (oral)	Gleevec, Nexavar, Sprycel, Sutent, Tarceva
Growth Hormones	Increlex, Omnitrope
Hepatitis C	Epclusa, Harvoni, Mavyret and Vosevi
Multiple Sclerosis	Betaseron, Copaxone, Rebif
Rheumatoid Arthritis/Psoriasis	Enbrel, Humira, Stelara

Support in Managing Your Condition: AllianceRx Walgreens Prime

Through AllianceRx Walgreens Prime, you can have your covered, self-administered specialty drugs delivered straight to you. When you get your specialty drugs through AllianceRx Walgreens Prime, you get one-on-one support in managing your therapy – at no additional charge – including:

- Convenient delivery of drugs to you or your doctor's office
- Information to help you stay on track with your therapy and help you manage any side effects you may feel
- Syringes, sharps containers and other supplies with each shipment for self-injectable drugs
- 24/7/365 specialty pharmacy access

Ordering Through AllianceRx Walgreens Prime

You can order a new prescription or transfer your existing prescription for a self-administered specialty drug to AllianceRx Walgreens Prime. **To start using AllianceRx Walgreens Prime, call 877-627-6337, Monday-Friday, 8 a.m. - 8 p.m. ET.**

Certain coverage exclusions and limitations may apply, based on your health plan. For some medicines, members must meet certain criteria before prescription drug benefit coverage may be approved. Check your benefit materials for details, or call the number on the back of your ID card with questions.

bcbsil.com

When switching pharmacies, have your ID card and be ready with your:

- Name, address, phone number
- Name of medication
- Current pharmacy's name and phone number (for existing prescriptions), and the prescription number
- Doctor's name, phone and fax numbers

Your doctor may also order select specialty drugs that must be given to you by a health professional through AllianceRx Walgreens Prime.

Receiving Specialty Medications

Since many specialty drugs have unique shipping or handling needs, shipments will be arranged with you through AllianceRx Walgreens Prime. Medications are shipped in plain, secure, tamper-resistant packaging.

Before your scheduled refill date, you will be contacted to:

- Confirm your drugs, dose and the delivery location
- Check any prescription changes your doctor may have ordered****
- Discuss any changes in your condition or answer any questions about your health****

You can reach AllianceRx Walgreens Prime at 877-627-6337.

*Blue Cross and Blue Shield of Illinois (BCBSIL) contracts with Prime Therapeutics to provide pharmacy benefit management and related other services. BCBSIL, as well as several independent Blue Cross and Blue Shield Plans, has an ownership interest in Prime Therapeutics. Prime Therapeutics has an ownership interest in AllianceRx Walgreens Prime, a central specialty pharmacy and home delivery company.

**The BCBSIL specialty pharmacy network includes AllianceRx Walgreens Prime as well as other in-network specialty pharmacies for select specialty drugs. BCBSIL HMO members have a separate specialty pharmacy network. Based on the benefit plan, members may be responsible for the full cost of the specialty drug for not using an in-network specialty pharmacy. You can log in to your Blue Access for Members (BAM) account to find an in-network specialty pharmacy near you.

***Third-party brand names are the property of their respective owners.

****Treatment decisions are between you and your doctor.

A home-delivery pharmacy service you can trust.

PrimeMail® by Walgreens Mail Service delivers your long-term (or maintenance) medicines right where you want them. No driving to the pharmacy. No waiting in line for your prescriptions to be filled.

Savings

- Walgreens Mail Service delivers up to a 90-day supply of long-term medicines. This may reduce what you pay out of pocket, and includes free standard shipping.

Convenience

- Prescriptions are delivered to the address of your choice, within the U.S.
- You can order from the comfort of your home — either online or over the phone. Your doctor can fax or send your prescription electronically to Walgreens Mail Service.
- You can receive up to a 90-day supply of long-term medicine at a time.
- You can ask for refills online or over the phone.
- Plain-labeled packaging protects your privacy.

Service

- You can receive notification by email, by phone or through the mail — your choice — when your prescription is received and when your orders are shipped. To select your notification preference, register online at [Walgreens.com/PrimeMail](https://www.walgreens.com/PrimeMail) or call **877-357-7463**.
- Member service agents are available 24/7.
- Licensed, U.S.-based pharmacists are available seven days a week.
- Choose to receive refill reminder notifications by phone or email.
- Standard delivery is included at no additional cost.
- Walgreens Mail Service pharmacies are located in the U.S.

Walgreens Mail Service will notify you when your prescription is received, when it ships and when it is due for a refill.

Getting Started with PrimeMail by Walgreens Mail Service

Online and Mobile

Visit [Walgreens.com/PrimeMail](https://www.walgreens.com/PrimeMail) to fill or refill a prescription. Sign in if you have a current Walgreens account. Click “register now” to create an account, and follow the directions.

Over the Phone

Call **877-357-7463**, 24/7, to refill, transfer a current prescription or get started with home delivery. Please have your member ID card, prescription information and your doctor’s contact information ready.

Through the Mail

To send a prescription order through the mail, visit [bcbsil.com](https://www.bcbsil.com) and log in to Blue Access for MembersSM (BAMSM). Complete the mail order form. Mail your prescription, completed order form and payment to Walgreens Mail Service.

Talk to Your Doctor

Ask your doctor for a prescription for a 90-day supply of each of your long-term medicines. You can ask your doctor to send your prescription electronically to Walgreens Mail Service or fax a prescription request to **800-332-9581**. If you need to start your medicine right away, request a prescription for up to a one-month supply you can fill at a local retail pharmacy.

Refills Are Easy

Refill dates are shown on each prescription label. You can choose to have Walgreens Mail Service remind you by phone or email when a refill is due. Choose the reminder option that best suits you.

Questions?

Visit [bcbsil.com](https://www.bcbsil.com). Or call the Pharmacy Program number on the back of your member ID card.

Medicines may take up to 10 days to deliver after Walgreens Mail Service receives and verifies your order.

Walgreens Mail Service is a pharmacy that is contracted to provide mail pharmacy services to members of Blue Cross and Blue Shield of Illinois (BCBSIL).

Prime Therapeutics LLC is a pharmacy benefit management company, contracted by BCBSIL to provide pharmacy benefit management and related other services. BCBSIL, as well as several independent Blue Cross and Blue Shield Plans, has an ownership interest in Prime Therapeutics LLC.

Step Therapy Program

Blue Cross and Blue Shield of Illinois is working to find ways to manage the rising cost of prescription drugs. Your benefit plan uses tools, such as step therapy, that can help control costs for everyone.

What is step therapy?

The step therapy program encourages safe and cost-effective medication use. Under this program, a “step” approach is required to receive coverage for certain high-cost medications. This means that to receive coverage you may need to first try a proven, cost-effective medication before using a more costly treatment, if needed. Remember, treatment decisions are *always* between you and your doctor.

Don't more expensive drugs work better?

Not necessarily. A higher cost does not automatically mean a drug is better. For example, a brand drug may have a less-expensive generic or brand alternative that might be an option for you. Generic and brand drugs must meet the same standards set by the U.S. Food and Drug Administration for safety and effectiveness. Work with your doctor to determine which medication options are best for you.

Work with your doctor to determine which medication options are best for you.

How does the program work?

The step therapy program requires that you have a prescription history for a “first-line” medication before your benefit plan will cover a “second-line” drug.

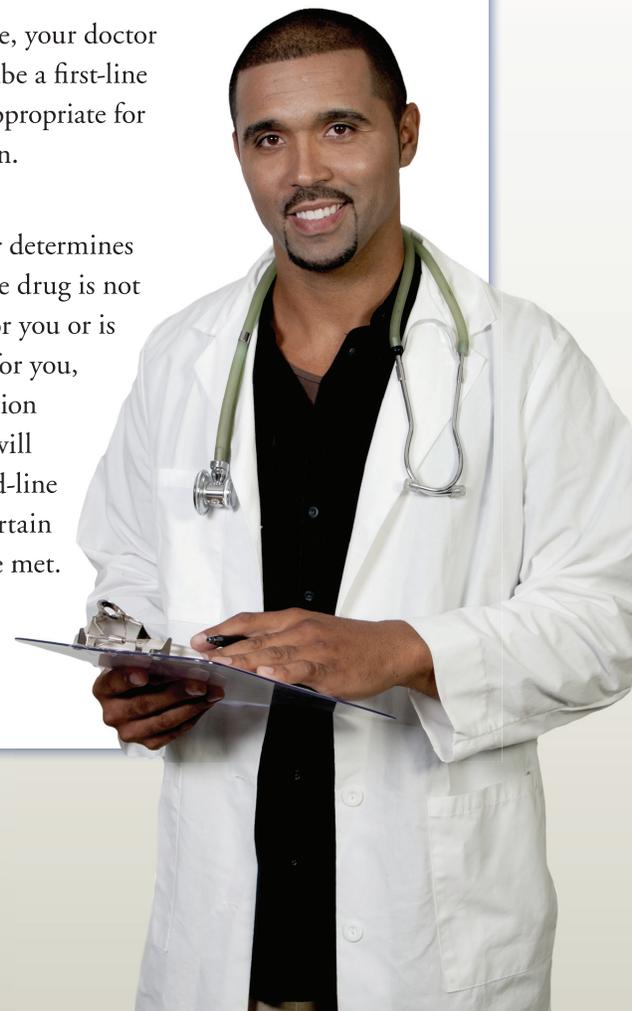

- A first-line drug is recognized as safe and effective in treating a specific medical condition, as well as being cost-effective.
- A second-line drug is a less-preferred or sometimes more costly treatment option.

Step 1

When possible, your doctor should prescribe a first-line medication appropriate for your condition.

Step 2

If your doctor determines that a first-line drug is not appropriate for you or is not effective for you, your prescription drug benefit will cover a second-line drug when certain conditions are met.

What should I do if I take a drug that is part of the step therapy program?

If you are already taking a medication that is part of the step therapy program: you may not be affected. Call the Pharmacy Program number on the back of your ID card to find out.

If you start taking a medication that is included in the step therapy program after the program becomes part of your prescription drug benefit: your doctor will need to write you a prescription for a first-line medication or submit a prior authorization request for the prescription before you can receive coverage for the drug. Your doctor can find prior authorization forms on the provider website at bcbsil.com. Doctors may also call 800-285-9426 with questions, or to get a form.

What medications are included in the step therapy program?

The box above right shows examples of drug categories which may be included in the step therapy program. To see a sample list of drugs in these categories, go to bcbsil.com/member/rx_drug_choices.html. From there, select your plan coverage and scroll down to the *Prior Authorization/ Step Therapy Program* section. Your doctor can also

Drug Categories Which May Be Included in the Step Therapy Program*

Cox-2/NSAID GI Protectant (pain management)

Depression

Diabetes (GLP-1 receptor agonists)

Glucose Test Strips

Lipid Management (cholesterol)

Proton Pump Inhibitors
(gastroesophageal reflux disease)

Specialty Medications

* Categories may be added or removed and the program may change from time to time.

find more information on the provider website at bcbsil.com. If you have questions about the step therapy program, or to find out if a particular drug is included in the program, call the Pharmacy Program number on the back of your ID card.

Tools such as step therapy encourage safe and cost-effective medication use, and help manage the rising cost of prescription drugs – for everyone.

The step therapy program encourages safe and cost-effective medication use.

bcbsil.com

Prior Authorization Program

Blue Cross and Blue Shield of Illinois is working to find ways to manage the rising cost of prescription drugs. Your benefit plan uses tools, such as prior authorization, that can help control costs for everyone.

What is prior authorization?

The prior authorization program encourages safe and cost-effective medication use. The program applies to certain high-cost drugs that have the potential for misuse. Before medications included in the prior authorization program can be covered under your benefit plan, your doctor will need to get approval through Blue Cross and Blue Shield of Illinois.

If you are already taking or are prescribed a drug that is part of the prior authorization program, your doctor can submit a prior authorization request form so your prescription can be considered for coverage. Your doctor can find prior authorization forms on the provider website at bcbsil.com. Doctors may also call 800-285-9426 with questions, or to get a form.

How does the program work?

If the prior authorization request is approved:

You will pay the appropriate amount based on your prescription drug benefit when you fill your prescription.

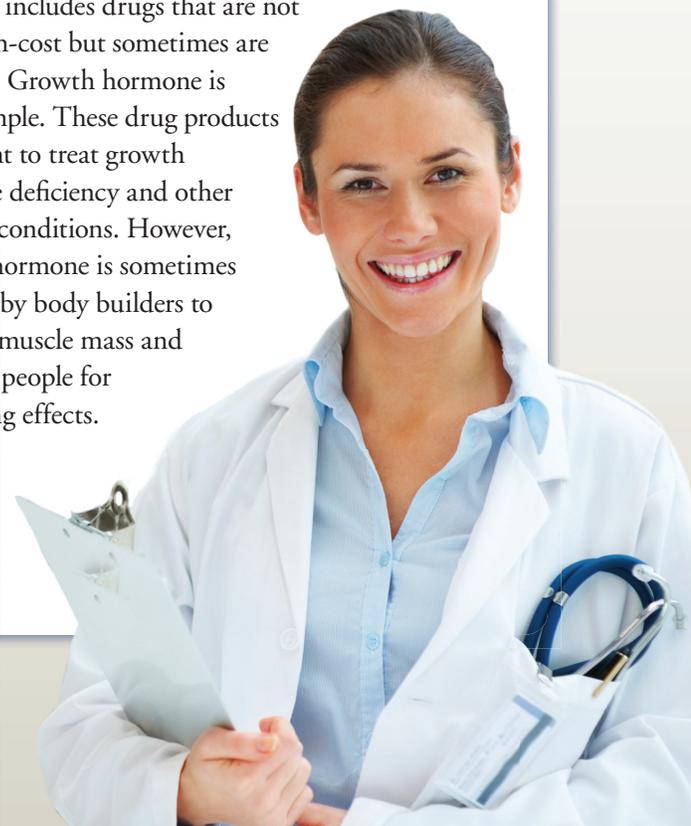

If the prior authorization request is not approved:

The medication will not be covered under your prescription drug benefit. You can still purchase the medication, but you will be responsible for the full cost. Or, you can talk to your doctor to find out if another drug might be right for you. Remember, treatment decisions are *always* between you and your doctor. As always, the appeal rights provided by your benefit plan are available to you.

Why are only certain drugs included in the program?

The program's goal is to promote safe, cost-effective medication use. Therefore, the prior authorization program includes drugs that are not only high-cost but sometimes are misused. Growth hormone is one example. These drug products are meant to treat growth hormone deficiency and other medical conditions. However, growth hormone is sometimes misused by body builders to increase muscle mass and by other people for anti-aging effects.

Treatment decisions are **always** between you and your doctor.

What should I do if I take a drug that is part of the program?

If you are already taking a medication that is included in the prior authorization program after the program becomes part of your prescription drug benefit: your doctor will need to submit a prior authorization request for your prescription before you can continue to receive coverage for the drug.

If your doctor writes you a new prescription for a medication included in the program: your doctor will need to submit a prior authorization request before the drug can be covered under your benefit plan.

What medications are included in the prior authorization program?

The box above right shows examples of drug categories which may be included in the prior authorization program. To see a sample list of drugs in these categories, go to bcbsil.com/member/rx_drug_choices.html. From there, select your plan coverage and scroll down to the *Prior Authorization/Step Therapy Program* section. Your doctor can also

Drug Categories Which May Be Included in the Prior Authorization Program*

Androgens/Anabolic Steroids
Antibiotics (e.g., doxycycline/minocycline)
Antifungal Agents
Erectile Dysfunction
Fentanyl (oral/nasal)
Narcolepsy
Opioid Dependence
Specialty Medications

* Categories may be added or removed and the program may change from time to time.

find more information on the provider website at bcbsil.com. If you have questions about the prior authorization program, or to find out if a particular drug is included in the program, call the Pharmacy Program number on the back of your ID card.

Tools such as prior authorization encourage safe and cost-effective medication use, and help manage the rising cost of prescription drugs – for everyone.

bcbsil.com

A New Way to Experience Wellness

Well onTarget offers personalized tools and resources to help you — no matter where you may be on the path to health and wellness.

Well onTarget can give you the support you need to make healthy choices — while rewarding you for your hard work.

MEMBER WELLNESS PORTAL

The heart of Well onTarget is the member portal, available at wellontarget.com. It uses the latest technology to offer you an enhanced online experience. This engaging portal links you to a suite of innovative programs and tools.

- **Self-directed courses:** These courses let you work at your own pace to reach your health goals. Learn more about nutrition, fitness, losing weight, quitting smoking and managing stress. Track your progress and reach your milestones as you make your way through each lesson. Reach your milestones and earn Blue PointsSM.*
- **Health and wellness content:** The health library teaches and empowers through evidence-based, reader-friendly articles.
- **Tools and trackers:** These resources can help keep you on course while making wellness fun. Use a food and exercise diary, symptom checker and health trackers.

* Blue Points Program Rules are subject to change without prior notice. See the Program Rules on the Well onTarget Member Wellness Portal at wellontarget.com for further information.

Start experiencing the new wellness today. Go to wellontarget.com.

WELLNESS COACHING

Certified health coaches offer you guidance on nutrition, fitness and stress management. You can interact with your coach by phone or via secure messages through the portal.

HEALTH ASSESSMENT (HA)

The HA uses adaptable questions to learn more about you. After you take the HA, you will get a personal wellness report. This confidential report offers you tips for living your healthiest life. Your answers will help tailor the Well onTarget portal with the programs that may help you reach your goals.

BLUE POINTS PROGRAM

Blue Points can help motivate you to maintain a healthy lifestyle. Earn points for participating in wellness activities. You can redeem points in the online shopping mall. The program gives you points instantly, so you can use them right away. If you want a larger reward, you can purchase additional points when you check out.

FITNESS PROGRAM*

Fitness can be easy, fun and affordable. The Fitness Program is a flexible membership program that gives you unlimited access to a nationwide network of more than 9,000 fitness centers. If you want, you can choose one gym close to home and one near work. And you can visit gyms while you're on vacation or traveling for work. Other program perks include:

- **No long-term contract:** Membership is month to month. Monthly fees are \$25 per month per member, with a one-time enrollment fee of \$25 per member.
- **Blue Points:** Get 2,500 points for joining the Fitness Program. Earn additional points for weekly visits.
- **Convenient payment:** Monthly fees are paid via automatic credit card or bank account withdrawals.
- **Web resources:** You can go online to locate gyms and track your visits.
- **Health and wellness discounts:** Save money through a nationwide complementary and alternative medicine network of 40,000 health and well-being providers, such as massage therapists, personal trainers and nutrition counselors.

It's easy to join the Fitness Program! Just call the toll-free number **888-762-BLUE (2583)** Monday through Friday, from 8 a.m. to 9 p.m. in any continental U.S. time zone.

* The Fitness Program is provided by Healthways, Inc., an independent contractor that administers the Prime Network of fitness centers. The Prime Network is made up of independently owned and operated fitness centers.

FITNESS TRACKING

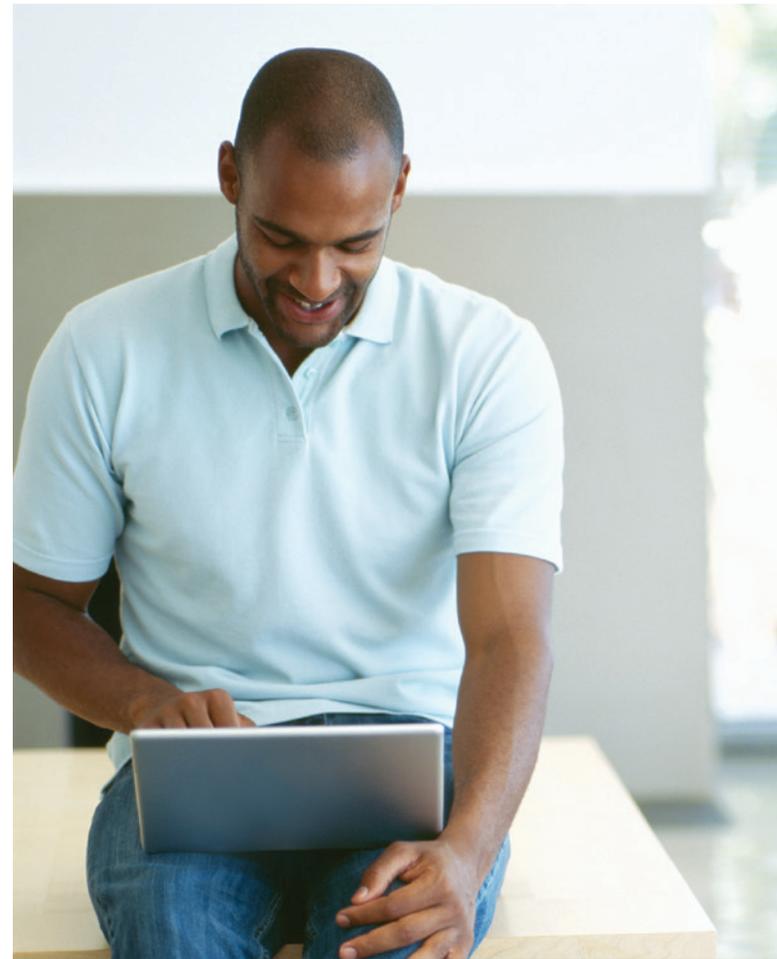

Track your fitness activity using popular fitness devices and mobile apps.

ONLINE WELLNESS CHALLENGES

Challenge yourself to meet your wellness, stress management, fitness and nutrition goals. Plus, team challenges let you join forces with others to compete in monthly contests.

It's All About Diabetes

Living with diabetes can be a challenge. But maintaining close-to-normal levels of blood sugar has been shown to reduce the risk of diabetes-related problems. That's why monitoring your blood sugar levels with a blood glucose meter is important for managing diabetes.

Choosing a Blood Glucose Meter

When choosing a meter, it often comes down to the features you're looking for. Here are a few things to consider when making your choice:

- How does the meter score for accuracy? Does it come with a control solution or test strip to check for accuracy?
- Does the meter fit in your backpack, supplies kit or purse?
How skillful are you at handling those test strips?
You might want to try a meter that uses cartridges instead of individual strips.
- How much blood does the meter require? Less is better.
- Do you want to download results to a computer or email them to your doctor's office?
- Interested in alternative site testing? There are meters that can test samples from various places on the body.

Blue Cross and Blue Shield of Illinois (BCBSIL) offers certain blood glucose meters to members with diabetes at no additional charge. See next page for details.

Checking Your Blood Glucose

Regular blood glucose checks and consistent record-keeping give you a good picture of where you are in your diabetes care.

Checks tell you how often your blood glucose levels are in your target range. Your target range is a personalized blood glucose range that you set with your doctor. Once you know how often and when to check, stick to the schedule and check at those times each day.

Keep a daily log recording your levels. Then take your log with you when you visit your doctor or other members of your diabetes care team. The information in your log will let them know how you are doing.

Glucose Meters Are Available to You

BCBSIL is offering you a choice of the blood glucose meters below at no additional charge for a limited time to help you manage your condition. This offer is available through **December 31, 2018**.

If you have BCBSIL prescription drug coverage, CONTOUR[®]NEXT test strips for the meters below are listed as preferred brands on your drug list. Coverage and payment levels for non-preferred brand test strips may vary, depending on your pharmacy benefit plan.

Please review these options and ask your doctor which meter best fits your needs.

It's All About Diabetes — *continued*

CONTOUR®NEXT Blood Glucose Monitoring Systems

To order a CONTOUR NEXT meter to be shipped directly to you, call **800-401-8440**. Be sure to identify yourself as a BCBSIL member and mention ID code "BDC-BIL." Or you can visit **ContourNextFreeMeter.com**.

CONTOUR NEXT ONE BLOOD GLUCOSE MONITORING SYSTEM

- Easy to use and most accurate meter yet^{1*}
- Receive immediate results on your Bluetooth®-connected smart phone or tablet
- Second-Chance® technology gives you 60 seconds to reapply blood to the same strip which may help prevent wasted strips

Download the free CONTOUR®DIABETES app to get your results right on your smartphone or tablet.

- Seamlessly connects to your Android or iOS smartphone
- Electronic log book to keep all your data in one place
- Review easy to read, color-coded trends
- Easily share your info with your health care professional

CONTOUR NEXT EZ BLOOD GLUCOSE MONITORING SYSTEM

- The easy-to-use features you want with the proven accuracy you expect
- Ready to test, right out of the box
- Easy-to-read display
- No Coding® technology makes testing easy by automatically setting the correct code each time a test strip is inserted into the meter
- Proven accuracy: CONTOUR NEXT test strips deliver results close to those obtained in a professional lab

Visit **contournext.com** for more detailed descriptions on these meters.
For more information about diabetes, go to **bcbsil.com**,
log in to Blue Access for MembersSM (BAMSM) and click the 'My Health' tab.

¹Christiansen M et al. Accuracy and user performance evaluation of a new blood glucose monitoring system in development for use with CONTOUR@NEXT test strips. Poster presented at the 15th Annual Meeting of the Diabetes Technology Society (DTS); 22–24 October, 2015; Bethesda, Maryland, USA.

*Ad hoc analysis demonstrated 95% of results fell within ± 8.4 mg/dL or $\pm 8.4\%$ of the laboratory reference values for glucose concentrations < 100 mg/dL or ≥ 100 mg/dL, respectively, when tested via subject-obtained capillary fingertip results (patients).

Important Notices

I. Initial Notice About Special Enrollment Rights in Your Group Health Plan

A federal law called Health Insurance Portability and Accountability Act (HIPAA) requires that we notify you about very important provisions in the plan. You have the right to enroll in the plan under its “special enrollment provision” without being considered a late enrollee if you acquire a new dependent or if you decline coverage under this plan for yourself or an eligible dependent while other coverage is in effect and later lose that other coverage for certain qualifying reasons. Section I of this notice may not apply to certain self-insured, non-federal governmental plans. Contact your employer or plan administrator for more information.

A. SPECIAL ENROLLMENT PROVISIONS

Loss of Other Coverage (Excluding Medicaid or a State Children’s Health Insurance Program) If you are declining enrollment for yourself or your eligible dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if you move out of an HMO service area, or the employer stops contributing toward your or your dependents’ other coverage). However, you must request enrollment within 31 days after your or your dependents’ other coverage ends (or move out of the prior plan’s HMO service area, or after the employer stops contributing toward the other coverage).

Loss of Coverage For Medicaid or a State Children’s Health Insurance Program

If you decline enrollment for yourself or for an eligible dependent (including your spouse) while Medicaid coverage or coverage under a state children’s health insurance program is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents’ coverage ends under Medicaid or a state children’s health insurance program.

New Dependent by Marriage, Birth, Adoption, or Placement for Adoption

If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

Eligibility for State Premium Assistance for Enrollees of Medicaid or a State Children’s Health Insurance Program

If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or through a state children’s health insurance program with respect to coverage under this plan, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 60 days after your or your dependents’ determination of eligibility for such assistance.

To request special enrollment or obtain more information, call Customer Service at the phone number on the back of your Blue Cross and Blue Shield ID card.

II. Additional Notices

Other federal laws require we notify you of additional provisions of your plan.

NOTICES OF RIGHT TO DESIGNATE A PRIMARY CARE PROVIDER (FOR NON-GRANDFATHERED HEALTH PLANS ONLY)

For plans that require or allow for the designation of primary care providers by participants or beneficiaries:

If the plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, call Customer Service at the phone number on the back of your Blue Cross and Blue Shield ID card.

For plans that require or allow for the designation of a primary care provider for a child: For children, you may designate a pediatrician as the primary care provider.

For plans that provide coverage for obstetric or gynecological care and require the designation by a participant or beneficiary of a primary care provider: You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals.

For a list of participating health care professionals who specialize in pediatrics, obstetrics or gynecology, call Customer Service at the phone number on the back of your Blue Cross and Blue Shield ID card.

Health care coverage is important for everyone.

We provide free communication aids and services for anyone with a disability or who needs language assistance.
